Welcome to the 9th ASPACC

The Asia-Pacific Conference on Combustion (ASPACC) was initiated in 1996 by the Asia-Pacific regional section members, affiliated in the Combustion Institute. It was to promote exchange of information and to elevate state-of-the-art combustion science and technology through regional and global scientific partnership. Following the first conference in Osaka, Japan in 1997 it was held every two years in Taiwan, Korea, China, Australia and the last one in Hyderabad, India in 2010.

The 9th ASPACC hosted by the Korean Combustion Society, the Korean Section of the Combustion Institute is scheduled in May 19-22, 2013 at Gyeongju, one of the famous historic cities in Korea. The conference will provide a forum for mutual exchange of information in the Asia-Pacific combustion community involved in both fundamental and application oriented research and development works.

The 9th ASPACC will be an occasion to bring together scientists and engineers to find out the current state of progress in the topics of interest in combustion science and technology. The technical program will consist of an opening plenary session which will address the progress and the challenges in a historical context and regular technical sessions covering broad areas on combustion.

Please refer to the conference website for updated information.

Important Dates

November 30, 2012 Deadline for submitting full length manuscripts

January 15, 2013 Notification of acceptance
Februrary 28, 2013 Deadline for submitting final manuscripts

Paper Submission

Please submit full length papers in MS-Word electronically following the format given in the conference web site. The maximum allowable length for a paper is four (4) pages including figures and tables. The Technical Paper Committee will select papers for presentation on the basis of multiple reviews of each full length paper. All selected papers should be presented in the session by one of the authors.

Technical papers are solicited in all areas of combustion science and technology including the following areas:

- Clean Coal Combustion
- Environmental & Pollution Control
- Reaction Kinetics
- Combustion Diagnostics
- Laminar & Turbulent Flames
- Heterogeneous Combustion
- Spray & Droplet Combustion
- Detonation, Explosion & Supersonic Combustion
- Fire Research
- Stationary Combustion Systems
- IC Engine, Gas Turbine Combustion and Alternative Fuels
- Microcombustion and New Combustion Devices

Young Investigator Award

ASPACC Young Investigator Awards will be presented to outstanding, original and highest quality papers by young scientists under the age of 40. Papers presented by the authors will be evaluated at the conference for selection of the winners by the ASPACC Young Investigator Award Committee.

May 19 ~ 22, 2013 GYEONGJU, KOREA

COMBUSTION

Organized under the auspices of the Combustion Institute Korean Section

International Advisory Board

Robert W. Bilger, Univ. of Sydney

Sangmin Choi, KAIST

Suk Ho Chung, King Abdullah Univ. of Science and Tech.

Satoru Ishizuka, Hiroshima Univ.

In-Seuck Jeung, Seoul Nat'l Univ.

Ho Young Kim, Korea Univ.

Hideaki Kobayashi, Tohoku Univ.

Hsiao-Kan Ma. Nat'l Taiwan Univ.

Assaad Masri, Univ. of Sydney

P.K. Pandey, Infotech Enterprises Ltd.

V.K. Saraswat, Defence R & D, Govt of India

Minghou Xu, Huazhong Univ. of Science and Tech.

Sheng-Yang Shy, Nat'l Central Univ.

Qiang Yao, Tsinghua Univ.

Chi Yong, Zhejiang Univ.

Dongke Zhang, Univ. of Western Austraila

Technical Paper Committee

Gyung-Min Choi, Pusan Nat'l Univ.

Bassam Dally, Univ. of Adelaide

Evatt Hawkes, Univ. of New South Wales

Shuhn-Shyurng Hou, Kun Shan Univ.

Zuohwa Huang, Xi'an Jiaotong Univ.

Gwang G. Lee, Kyungil Univ.

Ki Yong Lee, Andong Nat'l Univ.

Kai H Luo, Univ. of Southampton

V. Ramanujachari, DRDL, Hyderabad

V. Raghavan, Indian Inst. of Tech, Madras

Chae Hoon Sohn, Sejong Univ.

Mitsuhiro Tsue, Univ. of Tokyo

Toshihisa Ueda, Keio Univ.

Won Yang, Korea Inst. of Industrial Tech.

Chun-Liang Yeh, Feng Chia Univ.

Youngbin Yoon, Seoul Nat'l Univ.

Organizing Committee

Chul Kyun Chun, Mokpo Nat'l Univ.

Kang Y. Huh, POSTECH

Chung-Hwan Jeon, Pusan Nat'l Univ.

Daesik Kim, Gangneung-Wonju Nat'l Univ.

Jong-Soo Kim, KIST

Nam II Kim, Chung-Ang Univ.

Yongmo Kim, Hanyang Univ.

Chang Eon Lee, Inha Univ.

Byeong-Jun Lee, Yeungnam Univ.

Wonnam Lee, Dankook Univ.

Sung Wook Park, Hanyang Univ.

Jeong Park, Pukyong Nat'l Univ.

Donghoon Shin, Kookmin Univ.

Jai-ick Yoh, Seoul Nat'l Univ.

Chun Sang Yoo, UNIST

Registration

Туре		Registration fee includes	Until April 14	After April 15
Foreign	Regular	Conference, Reception, Coffee breaks, Banquet dinner	USD 500	USD 550
	Student		USD 250	USD 300
Korean	Regular		KRW 550,000	KRW 600,000
	Student		KRW 250,000	KRW 300,000

Conference Venue

Gyeongju Hilton

370, Shinpyung-dong, Gyeongju, South Korea 780-290

Tel: 82-54-754-7788

Fax: 82-54-745-7799

http://www.kyongjuhilton.co.kr

Gyeongju is located in the South-Eastern part of the Korean Peninsula. It was the capital city of the Silla dynasty that achieved unification for the first time in the Korean history and achieved its grand Buddhist culture. Gyeongju is often referred to as "the museum without walls". Among such historical treasures, Seokguram grotto, Bulguksa temple, Gyeongju Historic Areas are designated as World Heritage Sites by UNESCO. Many major historical sites helped Gyeongju become one of the most popular tourist destinations in South Korea. The conference location is in the middle of the Bomun resort area equipped with fine hotels and tourist facilities.

Transportation

The Gyeongju Hilton is easy to access, 4 miles north east of the Gyeongju City, 30 minutes from the Shin-Gyeongju Railway Station, 40 minutes from the nearby Ulsan and Pohang Airports and 90 minutes from the Gimhae Airport in Busan.
